Responsible for the development of a health-needs assessment and planning function within each of the 21 counties in the West Tennessee grand region. The process involves: developing a community-based, community-owned process to analyze the health status of each county; evaluation of available health resources, services and systems of care within each county; assessment of local attitudes toward community health services and issues (both private and public); identification of health priorities; establishment of goals, and determine actions and strategies to improve the health status of the community; development of effective links among local business, health providers, payors, etc. to implement plans and actions; and to establish a baseline for measuring improvement over time.

January 1995 - June 1995

Memphis and Shelby County Community
Health Agency
DSS Database Manager
Duties: Responsible for daily operation of a P.C.

based software program used for health planning purposes. Generate correspondence, reports, planning documents, policy and health status documents. Handle all legislative affairs between the agency and state and local officials. Consult with the Executive Director on all health related matters. Primary responsibility is to oversee the implementation of a databased management system linked to twelve remote sites statewide.

October 1994 - December 1994

Retired

April 1993 - September 1994

Shelby County Government (Tennessee)

Chief Administrative Officer

Reported directly to the County Executive Officer (Mayor) and had direct supervisory and administrative authority over seven (7) Division Directors and their operations: Administration & Finance, Planning & Development, Personnel, Public Works, Corrections, Health Services and Community Services. Was responsible for the general daily operations of Shelby County Government, administered the development of a total annual operating budget in excess of \$521million and an annual Capital Improvement budget of approximately \$80 million, approved all contracts, grant, agreements, etc. for all elected officials in County Government prior to submission for approval by the County Executive, maintained daily contact and interaction with the various elected local officials and had frequent direct contact with numerous state cabinet level officials (Finance & Administration, TennCare, etc.), representatives of the federal government and representatives of various Boards and Agencies.

September 1984 - March 1993

Memphis and Shelby County Health Department
Director

Responsible for overall direction and policy of a comprehensive urban health department with 700+ employees and a \$29 million budget. These responsibilities included all administrative operations, finance, budgeting, personnel, environmental, planning and clinical/medical health services. Clinical Services included seven free-standing decentralized primary care clinics which provided primary care and preventive services for adults and children. This system generated

300,000+ visits per year. Typical duties included direct communication and interface with local elected officials, CEO's of area hospitals, health provider organizations (public and private), and frequent contacts with State and Federal elected officials (Senators and Congressmen). During my tenure, I was heavily involved in the development of the TennCare Program and planning for managed care to be incorporated into the clinical system.

Significant accomplishments during my tenure as Department Administrator and as Director (Jan. 1981-March 1993) include the following: development of a computerized patient and finance, management and information system; a cost accounting system to meet medicaid/medicare cost reimbursement requirements; an automated billing system for Medicaid and private insurance payors; development of a fee for service system; development of a joint venture with LeBonheur Children's Hospital to establish and operate a Pediatric Night Clinic to download their Emergency Room, and conceived and helped to develop and pass legislation to establish The Shelby County Ground Water Quality Control Board. That Board provides oversight and approval of all ground water well applications and control of the Memphis Aquifer.

January 1981 - August 1984

Memphis and Shelby County Health Department
Department Administrator

Duties and responsibilities included daily administrative management of the department, including but not limited to, the preparation of the departmental budget (\$25 million), all personnel activities and actions, policy development and direct supervision for Managers of Maintenance and Operations, Personnel, Vital Records, Finance-Accounting-Purchasing, S.T.D., Medicaid and Security Services. This position required frequent contact with local, State and Federal officials.

February 1978 - January 1981

Memphis and Shelby County Health Department
Manager - Family Planning Section

Responsibilities included the overall management of the program which had a yearly budget of approximately \$1.2 million. Personnel management and supervision, budget, program direction, grants management and planning.

February 1973 - January 1978

Tennessee Department of Public Health, emphasis Delta Region (Shelby, Fayette, Lauderdale and Tipton Counties, Tennessee)

Regional Administrator

Responsible for the total day-to-day operations and management of three rural local health departments in the Memphis Delta Region. Overall supervision of all personnel, including physicians, dentists, nurses, environmentalists and clerks. Job required much contact and good rapport with local courts and magistrates. Served two years as Chairman of the State Budget Committee for the Tennessee Department of Public Health's Bureau of Regional and Local Health and helped to develop the Zero Base Budget plan for the Bureau.
